

# Dyslexia Awareness Networking and Fundraising Event

## National Dyslexia Awareness Month

October is National Dyslexia Awareness Month. Please join us to learn and share about Dyslexia.

We will have many professionals attending, including diagnosticians, instructors, therapists, teachers, school administrators, counselors, parents, dyslexic adults, and IDA members, all of whom are key supporters and facilitators in the mission to further knowledge about dyslexia.

Come meet others in your field of expertise. Or perhaps your child has been diagnosed with dyslexia, and you are just learning about how to help him or her. This evening will introduce you to many who can support your family and school.

Ticket sales will enable the Houston Branch IDA to create new programming, as well as continue existing events, including the popular Learning Disabilities Simulation Workshop, the annual Fall Symposium and Spring Conference, scholarship and grant funding.

HBIDA Networking and Fundraising Event  
Tuesday, October 24, 2017

Karbach Brewery

6:30-9:00pm
